

Application Policy

I understand that OKamp admits through an application process, not a registration process, and not all campers who apply will be admitted to camp. OKamp is a leadership specific summer camp and we look for campers who have a great interest in activism and leadership skill development. We choose a wide variety of campers from diverse backgrounds who have an interest in developing their leadership skills and meeting people who share a similar experience. Campers are chosen by a committee of staff based on their application. Due to the limited number of beds in the lodge, we will not be able to able to admit all applicants.

I understand and agree to the OKamp Admission Policy.
